FOR IMMEDIATE RELEASE:

Barge Design Solutions' Jeff Cundiff Promoted to Tennessee Civil Lead

Nashville, TN – (April 28, 2021) Barge's Jeff Cundiff, Vice President, PE, LEED AP, has been promoted to Tennessee Civil Lead.

Cundiff has 20 years of experience as an engineer, project manager, and group leader in civil engineering and land development. Over the last decade, he has successfully overseen hundreds of development projects, developing close familiarity with the processes of due diligence, entitlements, permitting, design, and all other development phases. In this role Cundiff will provide leadership to our technical services and staff and be responsible for supporting the continued growth of our civil site and land development services, focusing his efforts in Tennessee.

Carrie Stokes, Senior Vice President and Director of Site Solutions, shares, "Jeff brings a wealth of experience in the land development market to this role. Our clients, teaming partners, and staff will benefit from his increased engagement across the State of Tennessee."

Cundiff earned a Bachelor of Science in Civil Engineering from Tennessee Technological University and a Master of Business Administration in Sustainability from Lipscomb University.

Barge Design Solutions, Inc., is an engineering and architecture firm with diverse in-house multi-disciplinary practice areas. The employee-owned company is 400+ people strong and serves clients nationwide from multiple U.S. locations.
