

**FOR IMMEDIATE RELEASE**

## **Market Street Partners Recognized on Accounting Today's 2022 "Best Firms for Technology" List**

*The list features the 10 leading accounting firms across the United States for their "pragmatic" use of technology that benefits firm operations and clients alike.*

**CHATTANOOGA, TENNESSEE (May 10, 2022)** – Market Street Partners, PLLC, a Chattanooga-based accounting firm, has been recognized by [Accounting Today](#) as one of America's "Best Firms for Technology." The annual list features the 10 leading accounting firms across the United States for their "pragmatic" use of technology, utilizing it in such a way that it benefits firm operations and clients alike.

"From the day we founded Market Street Partners, we wanted our firm to be as modern and forward-thinking as possible for the benefit of our clients," said Kyle Bryant, co-founding partner at Market Street Partners. "While we are incredibly proud of being recognized by such an esteemed outlet like Accounting Today for our efforts, I am equally delighted in our team's proactive spirit in adopting technology that makes our organization stronger."

This honor is the third significant distinction received by Market Street Partners in 2022. The firm was recently included in Edge Magazine's "Best Places to Work" list, and they were named a "Small Business of the Year" by the Chattanooga Area Chamber of Commerce.

The full 2022 "Best Firms for Technology" list can be found here:

According to Accounting Today, "this year's cohort of Best Firms for Technology are not manic early adopters buying into tech for tech's sake but, rather, they take holistic approaches that ask seriously how an investment will improve internal processes and client engagements. They stand as examples of not just creating a tech-forward firm, but doing so in a measured way with an eye towards what new technologies mean on a pragmatic level."
